The information contained herein is being provided by Intercorp Financial Services Inc. ("IFS" or the "Company") solely for informational purposes. This material is only a summary and does not contain all material information concerning the Company. Recipients of this presentation are not to construe the contents of this presentation as legal, tax or investment advice and should consult their own advisors in this regard. This presentation does not constitute an offer of, or an invitation to purchase, any of the Company's common shares in any jurisdiction in which such offer or invitation would be unlawful. All of the information contained herein and any related information is proprietary to the Company and recipients may not, directly or indirectly, disclose or permit its agents, representatives, or affiliates to disclose, such information for any purpose whatsoever. This presentation may not be photocopied, reproduced or distributed to others in whole or in part without the Company's prior written consent.

This presentation contains certain statements and estimates provided by the Company with respect to the anticipated future performance of the Company. Such forward-looking statements reflect the Company's current expectations or beliefs concerning future events, and actual results of operations may differ materially from historical results or current expectations in such forward-looking statements. Recipients are cautioned that any such forward-looking statements are and will be, as the case may be, subject to many risks, uncertainties and factors, including those relating to the consolidated operations and business of the Company. These and various other factors may adversely affect the estimates and assumptions on which these forward-looking statements are based, many of which are beyond our control. You are cautioned not to place undue reliance on these forward-looking statements, which are based on the current view of management on future events. Neither the Company nor its advisors, officers, employees, directors or agents, make any representation nor shall assume any responsibility in the event actual performance of the Company differs from what is provided herein. Moreover, the Company, its advisors, officers, employees, directors or agents shall not have any obligation whatsoever to update, correct, amend or adjust this presentation based on information attained or events occurred after its disclosure.

The Company prepares the financial information included in the presentation in accordance with International Financial Reporting Standards (IFRS). We have included in this presentation certain information reported by the Peruvian Superintendency of Banks, Insurance and Private Pension Fund Administrators (Superintendencia de Banca, Seguros y AFPs, or "SBS") and the Peruvian Securities Commission (Superintendencia del Mercado de Valores, or "SMV") for the Peruvian banking and insurance sector as a whole as well as for individual financial institutions in Peru, including Interbank and Interseguro, our subsidiaries, which report to the SBS and the SMV in accordance with accounting principles prescribed by the SBS ("Peruvian SBS GAAP" or "Local GAAP"). All financial information in this presentation regarding our relative market position and financial performance vis-a-vis the financial services and insurance sectors in Peru are based, out of necessity, on information obtained from SBS and SMV statistics. Information in this presentation regarding our relative market position and financial performance, however, do not include information relating to Inteligo, our subsidiary, as Inteligo is not regulated by and does not report to the SBS or the SMV. In addition, for certain financial information related to our compound annual growth rate we have included such information pursuant to Peruvian SBS GAAP in order to be able to show our growth over a longer period than three years. IFRS differs in certain respects from Peruvian SBS GAAP. Consequently, information presented in this presentation in accordance with Peruvian SBS GAAP or based on information from the SBS or SMV may not be comparable with our financial information prepared in accordance with IFRS.

## Peru: highly attractive market with a bright future ahead

#### 2008-2013: A golden period of fast growth and low inflation

#### ...but the economy is expected to resume dynamism in 2015 and 2016

GDP & Domestic demand growth (%)

#### GDP growth slowed in 2014...

Growth (%)	2014		
GDP	2.4%		
Primary sector GDP	(2.3%)		
Non-primary sector GDP	3.6%		
Private consumption	4.1%		
Public investment	(3.6%)		

- Lower commodity prices and climatic factors affected primary sector GDP
- Public expenditure dampened by execution delays
- Lower mining production

- Better primary sector performance
- Record infrastructure investment
- Expansive fiscal and monetary policies
- Fishing sector recovery following El Niño phenomenon
- Increasing exports, mainly due to mega mining projects (Las Bambas, Constancia)
